2. Statements on Subject Matter Jurisdiction

A. Plaintiff's Statement

This is a civil action arising under Acts of Congress protecting trade and commerce against restraints, monopolies, and harmful mergers, and it is brought by an agency of the United States authorized by an Act of Congress to bring this action. This Court has federal question subject matter jurisdiction that arises under Section 13(b) of the FTC Act, 15 U.S.C. § 53(b), and under 28 U.S.C. §§ 1331, 1337, and 1345.

B. Defendants' Statement

Defendants do not contest subject-matter jurisdiction.

3. Claims and Defenses

The parties respectfully refer the Court to their respective Pretrial Memoranda of Law and Proposed Findings of Fact and Conclusions of Law, to be filed June 15, 2026.

4. Trial Days Needed and Whether a Jury is Required

The case is to be tried without a jury.

A. Plaintiff's Statement

The FTC previously estimated up to 60 hours total trial time. In light of developments since then, the FTC is optimistic that less time will be required for trial but, having not yet reviewed Defendants' trial affidavits, is unable to predict with confidence. As a practical matter, witnesses testifying in person will be predominantly adverse party witnesses that the FTC does not control but Defendants do; the FTC may need more time to examine those witnesses through both adverse direct and cross examination. The FTC also does not yet know the scope and

amount of testimony that Defendants will submit by trial affidavit to which the FTC will need to respond.

B. Defendants' Statement

In the Case Management Order, Defendants estimated that trial would likely take no more than 30 hours. That remains true. Between both sides, there are no more than 24 witnesses being called live in this case. For 13 of those witnesses, their direct examinations are being submitted in advance by affidavit.

5. Stipulations and Agreed Statements of Fact and Law to Which All Parties Consent

The parties are discussing possible stipulations and will keep the Court updated.

6. Trial Witnesses

All parties reserve the right to examine live any nonparty witness that is listed as testifying by deposition but that appears in person, and all parties reserve the right to rely on deposition designations for any nonparty witness that is listed as testifying in person but does not appear.

Defendants have included a list of nonparty affirmative designations offered by Defendants, along with the FTC’s counter-designations, and objections to both, as Attachment 1-D.

There are several nonparties whom the parties currently intend to call live at trial: Home Depot, Lowe's, Menards, DAP, and Sherwin-Williams. The parties previously exchanged deposition designations and counter-designations for these witnesses. Defendants are including these designations and counter-designations at this time but will revisit that submission if these nonparties testify live at trial.

9. Statement of Relief Sought

A. Plaintiff's Statement

The FTC respectfully requests that the Court permanently enjoin Defendants from taking any further steps to consummate the Proposed Transaction, or any other acquisition of stock, assets, or other interests of one another, either directly or indirectly and that the FTC be awarded such other relief as the Court may deem just and proper.

Additionally, Defendants' agreement not to close, consummate, or otherwise complete the Proposed Transaction expires after 11:59 p.m. Eastern Time on the earlier of (1) the eighth (8th) day following the entry of any judgment that does not prohibit consummation of the transaction, or (2) August 28, 2026. Accordingly, the FTC may seek temporary injunctive relief from the Court prior to August 28, 2026 to preserve the status quo while the Court adjudicates the litigation and to protect the FTC's ability to consider the Court's decision and potentially seek an appeal if necessary. *See* ECF 6; ECF 83.

B. Defendants' Statement

Defendants ask that the Court enter judgment for Defendants.
